

DNALC INTERN, HIGH SCHOOL

Cold Spring Harbor Laboratory's DNA learning center is currently seeking a high school intern. The ideal candidate will provide laboratory assistance to DNALC educators during middle and high school educational programs held throughout the school year and during the summer while gaining hands-on laboratory experience prior to attending college.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

- Perform laboratory prep work for educational programs held at DNALC sites, including classroom upkeep and equipment setup
- Prepare reagents for use in experiments during middle and high school programs
- Possible training of newly hired interns
- Additional summer duties include assisting educational staff during classroom instruction and supervising campers during lunch

Multiple positions available.

Position Requirements

EDUCATION: (Degree Requirements) – High school student; Current Sophomores preferred

EXPERIENCE: (Amount of Experience required to perform responsibilities) – An interest in science

OTHER: Ability to work a minimum of two days per week (3-5PM) during the school year
Ability to work Monday – Friday (8-4PM) for 5-6 weeks during the summer. Must be at least 16 years of age. Must have reliable transportation to/from the DNALC. Deadline to apply is March 1st, 2018. We are hiring at Cold Spring Harbor location.
